Cotton Strong-Middling, 8 5-8c-Sales Yesterday, 6200 Bales.

cent. Local securities quart but steady. The cotton market developed great strength here and elsewhere yesterday, and there are now strong grounds for the belief that better prices may be looked for from this time on. Sales here yesterday 6200 bales at and above quotations, and the tone at the close of the day's business was decidedly strong. The bears have all disappeared from the floor of the Exchange, and those who were most bea ish in their views two or three weeks ago are gradually being forced to admit that bottom prices have been reached and left behind. The feeling on the other side is more encouraging than it has been for weeks, and most of the demand for cotton comes from that quarter. Of cotton comes from that quarter. Of Pacific, 13,950; Western Union, 30, 6200 bales sold here yesterday, 5200 475; Northern Pacific preferred, 14, were for export, and these figures 455; Oregon and Transcontinental, were for export, and these figures might have been doubled if factors had shown any eagerness to press sales. Liverpool reported spots 1-16d higher, with improved demand; futures steady and 2@ higher than Tuesday; March, 4 58-84d. At New York spots ruled firm, unchanged. Futures closed firm, and 4 to 7 points higher. At New Orleans spots closed firm and le higher; middling, 8 11 16c. Sales, 8500 bales middling. Futures firm and 8 to 11 points higher. Receipts at this port yesterday, 921 bales, stock, 126,557 bales. Total receipts at this port this season 508,494 bales, against 409,217 bales at this time last year, an increase of 99,277 bales. Receipts at all United States ports yesterday, 8225 bales, against 2739 bales same day last year. In the general market hog products continue weak and depressed. Other

Bonds-Government bonds were dull and steady. State bonds were active and firm. Railroad bonds continue dull; sales, \$1,696,000, of which \$652,-000 was in Erie second consols. Prices were generally lower, in sympathy

with stocks.
Stocks-The stock market was decidedly active and weak. There was a weak opening, first prices showing generally a loss of \$\frac{1}{2}\$ to \$\frac{1}{2}\$, after a brief show of firmness and very de-cided break which carried prices down about 2 per cent. before midday. The decline was then checked, and a firm tone with less activity prevailed for an hour, followed again by renewed weakness, which continued to the close. The break in the forenoon was directly traceable to the coal which were stocks. for the decline, especially Reading, which sold from 27% down to 25%, while Lackawanna yielded from 127 to 125‡, and Delaware and Hudson from 102 to 101‡. Late in the afternoon Reading reached 241 and closed higher, with a net loss of 24. Lack-awanna closed with a loss of 24, Delaware and Hudson 21, Jersey Central 31. The weakness in these stocks was due in part to the impression created

would not be successful without at least a fight with Mr. Goway, while if seccessful it would not be favorable to Reading stockholders. The afternoon decline followed reports that a strike had taken place am the employes of the Chicago, Burlington and Quiney railroad, and that further trouble throughout the West was threatened. It was altogether a gala day for the bears, the whole list closing at near the lowest figures, and Money in fair demand at '8 per from I to 1] lower than last evening for the stocks not already mentioned, while Chicago, Burlington and Quincy is down 14, at 134, after selling as low as 134]. St. Paul and Duluth ost 41. Southern Pacific was dealt in for th first time to-day, opening at 301, and closing at 331, with sales of 800 shares. The total reported transactions amount to 475,780 shares, of which the coal stocks, St. Paul and Lake Shore, contributed 300,000 shares. The St. Paul directors to-day declared a dividend of 2½ per cent., payable April 15th. The market closed weak.

The total sales of stock to-day were 475,769 shares, including: Delaware Lackawanna and Western, 7800; Delaware and Hudson, 56 5; Erie, 27,980; Kansas and Texas, 3600; Lake 50,855; Northwestern, New Jersey Central, 124,450; New York .
